

SUPPLY

RICHMOND and **WANDSWORTH**

Supplier directory

Local suppliers • Major buyers

2025 -2026

Foreword

// In Wandsworth we want all our businesses – big and small – to thrive, because if they do, we all benefit.

That's why we have set up a network that enables businesses to find Wandsworth-based goods and services, putting local firms in prime position to win local contracts. Supply Wandsworth is a shop window for Wandsworth's small and medium-sized businesses, with details of what they offer and how you can get in touch.

Public and private sector buyers can form meaningful, mutually beneficial partnerships that support their community. So think local, join a network of buyers and sellers across Wandsworth, and help keep our local business sector strong.

Introduction

■ London Borough of Wandsworth continues to support enterprise and business growth by expanding the reach of Supply Wandsworth to include Richmond and our neighbouring Southwest London sub regional partners.

Our goal remains the same, the support local businesses by building a network of suppliers that are fit for purpose, that can successfully bid for or win public / private sector contracts through a greater understanding of procurement processes, changes to legislation and better access to up-to-date contract opportunity information.

Growing in size, the Supply Wandsworth Supplier Directory becomes the Supply Richmond and Wandsworth Supplier Directory. This 2025 / 2026 version contains more businesses across sectors such as Health Care, Media, PR, Print and Construction and Maintenance.

As Buyers of goods and services, we encourage you to consider actively using local suppliers. Through best endeavours, procuring the services of local businesses will have an economic and social impact on our boroughs and those neighbouring communities too.

Thank you for your interest in Supply Richmond and Wandsworth. We hope you find this directory useful.

Gregory Odia

Supply Richmond and Wandsworth Manager
London Borough of Richmond and Wandsworth, Enterprise and Business Growth Team.

Website
foodbytoby.london

Food by Toby is a small, family-run catering business based in Tooting. It started by making a few salads and sandwiches for local clients, which we delivered by bicycle. 14 years later, and we now have a broad range of clients across London, we include retail supply, events and hospitality plus some television and film crew food as primary business activities. Husband and wife team Toby and Ruth both have many years of catering and customer service experience, gained in both commercial and contract environments.

We initially became a supplier for Wandsworth Borough for the Get Active initiative in St George's Park, where we supplied a healthy salad bar stall for attendees. This in turn led to other bookings where we provided hospitality catering for council events.

Catering for the Meet the Buyer event was a super opportunity for us to showcase what we are capable of to a large number of organisations also based here in Wandsworth. It was a pleasure to cook for so many local businesses and educational providers, and get so much positive feedback on the day.

Cooking for the Meet the Buyer event helped establish new connections within our community, and gave us some new ideas on how to push the events side of the business forwards. It was also great to have the event at Tooting Works, where we are based, as it demonstrated how we can work together with our landlord to deliver great events for clients.

■ Business Activities

ITC has been successfully building great projects for over 30 years; our experience in refurbishment and fit-out means that we know how to create a space that works for you – whether that's a commercial, healthcare, education, leisure, or public sector environment.

Examples of recent works

Client Croydon Council

Project Name Community Equipment Service Unit

Approx Value £3m

Comments Our team worked with Croydon Council to refurbish and remodel an existing warehouse facility into a storage facility and office for the relocation of the Communicate Equipment Services Unit. This project included installation of – Flood Doors, Thermal Cladding, New roofing, New Security Cameras, Delivering new design works, Developing and renewing a fire strategy.

This project came under the Considerate Contractor's scheme requiring ITC to ensure that all works were carried out in a safe and considerate manner with regards to pedestrians and road users, and that local traffic flow wasn't affected. In order to minimise the carbon footprint of the refurbishment, all the timber extracted from the property was recycled by a local charity, and a complete heating package was installed, with new boiler and radiators, hot air space heating, and a split-air conditioning system in the warehouse.

■ Business Activities

Architectural Design

Examples of recent works

Client Thomas's London Day Schools

Project Name Thomas's College

Approx Value £10 - £12m

Comments Mezzanine floors were added in the 90s which cut the ground floor rooms in half, these will be removed to restore the rooms to their former glory, opening up the space to allow the full height windows onto the garden to be appreciated.

Breathing life into a building which has been neglected for years not only breathes new life into forgotten structures but also creates vibrant, resource-efficient, and inclusive learning environment.

Client Girl's Day School Trust

Project Name Wimbledon High School Sixth Form and Hall

Approx Value £7.4m

Comments The Sixth Form Centre, hall and 'playground in the sky' are the third phase of what has been a development jigsaw with each part of the development dependant on the last.

Client Manor Lodge School

Project Name Manor Lodge School Coach House Learning Resource Centre and New Entrance

Approx Value £3.3m

Comments Our clients were keen to make the children's education more visible and to place a learning resource centre right at the very centre of the school. The ideal location was already occupied by an old hall building. Whilst the easiest option would have been demolition, we addressed the more challenging question of what could be created by re-using the existing structure.

Examples of recent works

Client Human Welfare International

Project Name Guru Amardas Hall

Approx Value £50k

Comments This was a purpose-built Salvation Army building converted to a Sikh Temple Place of Worship Structure comprises masonry stone and brick, render with slate and timber roof structure. Proposed total of 630 sq. m2. The space was designed to cater to the growing community service. In 2021, a fire had broken out and we were instructed to issue construction drawings for the rebuild of the structure and to make good to existing space and relocation of spaces so that it is easier for the community to flow. Completion is due to take place in the upcoming weeks.

Client RVT

Project Name Hatfield Gardens

Approx Value £11m

Comments KLC had been appointed as a sub-consultant for the RIBA Stage 4 design of a 7-storey, 118-apartment building comprising 51 units with 1 bedroom and 67 units with 2 bedrooms, along with associated landscape and amenities.

Client RVT and Neways

Project Name Shoreham

Approx Value £23m

Comments KLC had been appointed as a sub consultant for the RIBA Stage 4 design of the 6-8 storey 176 apartment building comprising 76 with 1 bedroom and 100 with 2 bedrooms, with associated landscape and amenities. The proposed building has been designed along the River Thames. An underground parking has been proposed with a raised platform on the ground floor. Commercial spaces are located on the ground floor, and residential spaces are situated above, with access to underground parking. The project has been designed using modern methods of construction using Light Gauge Steel (LGS) framework over a concrete podium with undercroft parking below.

Client Archadia

Project Name Maidment Court

Approx Value £11m

Comments Whilst working for Archadia, the development comprised of two buildings; one providing 40 care suites and the other 47 assisted living one and two-bedroom apartments with access and parking plus staff offices and community facilities including bistro, coffee shop lounge, activity room, shop and hairdressing/ beauty salon.

Yellow Signs

Last year, at a Wandsworth Chamber of Commerce breakfast networking event we met the contract managers from Battersea Power Station. We subsequently became one of their approved suppliers and have been supplying high-quality signage to them regularly. Working on projects for such an iconic building has been a fantastic opportunity for us to showcase our expertise and creativity in the signage arena.

Being involved in such a prestigious project has allowed us to forge even stronger relationships with the local community, as well as with other businesses and organisations in the development.

Being recognised as a supplier for Battersea Power Station has provided a significant boost to our company's reputation and credibility in the industry. It has certainly helped us to secure other contracts with potential clients wanting to use a company that is a supplier of such a well-known brand.

We are proud to be an approved supplier for Battersea Power Station and hope to continue to be so for years to come.

■ Business Activities

BX Merchandise is a sustainable promotional merchandise and corporate clothing provider, established in 2007 in Brixton. We help global brands create impactful, eco-conscious products that stand out. As a woman and minority-owned business, we're trusted by leading corporations for strategic merchandise consulting. Our commitment to sustainability is backed by AWARE™ blockchain technology for verified claims and ISO 14001:2015 certification for environmental management. With dual warehousing in the UK and Netherlands, we ensure seamless, duty-free fulfillment across Europe and a fast 14-day turnaround. BX Merchandise combines creativity, ethical sourcing, and innovation to deliver unique branded solutions that align with your ESG goals.

Examples of recent works

Client Cloud-Based Platform Company

Project Name Circular Design Branded Apparel for a Leading Cloud & AI Technology Company

Approx Value £1K

Comments We partnered with a leading cloud and AI technology provider to create premium branded fleeces from The North Face's Circular Design Initiative. Made with recycled materials and embroidered with the company logo, these fleeces combined style, performance, and sustainability - reinforcing the client's ESG commitments and proving that branded apparel can be both functional and environmentally responsible.

Client Technology Company

Project Name EMEA Employee SWAG Programme (2020–2025)

Approx Value £1.5m

Comments Between 2020 and 2025, BX Merchandise partnered with a global technology leader to deliver an EMEA Employee SWAG Programme for over 10,000 employees. We built a secure, GDPR-compliant platform, overcame post-Brexit customs challenges, and ensured seamless home deliveries across multiple countries. Highlights included launching their new Campus with 6,000 custom Tile Pro Trackers. This project showcases our ability to blend creativity, technology, and logistics to deliver exceptional brand experiences at scale.

Client Cally Munchy

Project Name PR Services For Restaurant Launch

Approx Value £5k

Comments Proving PR services for the launch including influencer and celebrity guest listing as well as press features in magazines and newspapers.

Client The Independent Film Trust

Project Name Branding for Membership

Approx Value £3k

Comments To launch the IFT's new membership platform, we were commissioned to work on the design and brand identity of IFT Catalyst. A membership for emerging to mid-level film, TV, and immersive media creatives who are looking for ongoing support for their careers in the UK screen sector. The membership has been sponsored by Picture Shop, enabling creatives from all backgrounds to access the support offered by IFT Catalyst. Through understanding of the organisation's vision and their target audience, we designed and created a brand identity for the membership that aligned with their existing organisational branding while creating something new that speaks of their audience.

JFG Communications

JFG Communications have supported us with public affairs and strategic communications services for almost two years, with services varying from political analysis and insights through to communication planning, social media and newsletter content.

Most recently JFG has helped us to develop and deliver a regional strategy hub, which has convened stakeholder experts to gather evidence on complex transport issues and formulate policy recommendations for government and industry.

We especially value JFG's specialist transport policy expertise and wide-ranging industry and political connections, alongside the personal service they bring as a small, specialist agency."

Sustainable washroom facilities - providing our eco-dispensers made from waste plastic and plastic-free period products. Manufacture and Sale of Reusable and Sustainable Period Products for Retail and Schools (Pants, Reusable Pads, Cups, Applicators, Tampons, Pads) Education on health and sustainability via our DAMEchnagers Innovation and Confidence Camps for Teenagers

Examples of recent works

Client NHS

Project Name Provision of Period Care

Approx Value £20k

Comments Product integration: DAME supplies NHS settings with toxin-free, sustainable period products and dispensers, making free access easier for staff, patients, and visitors. Impact: By working with NHS bodies, DAME is helping to normalise period and menopause care in healthcare workplaces, improve staff wellbeing, and ensure equity of access for patients. Reputation: This partnership strengthens NHS commitments to staff health and equality while showcasing practical, scalable solutions that reduce plastic waste and support ESG goals.

Client Dukes Education (Schools)

Project Name Supplier of Sustainable Period Products
Educational Resources

Approx Value £30k

Comments Partnership approach: Working with schools and Academies Educational impact: Collaborating to deliver advisory and educational content that empowers girls, using their platform of 20,000 pupils and 5,000 staff. Preferred supplier status: Confirmed as a trusted partner, with opportunities to enhance product presentation and provide educational kits. Practical delivery: Exploring reusable product kits and discounted classroom offerings to integrate sustainability messaging directly into learning and everyday school life.

Client The Font Climbing & Farine Cafe

Project Name Period Care for
Wandsworth Community Spaces

Approx Value £1k

Comments Providing free dispenser units for local community spaces with direct to door delivery - with sales supporting period poverty
